# THE Catlins

*Te Akau Tai Toka*

NEW ZEALAND - AOTEAROA

OFFICIAL VISITORS GUIDE 2018/2019

# Welcome

Kia Ora and welcome to The Catlins, a major highlight of the Southern Scenic Route. Situated off the beaten track, The Catlins encompasses the area between Fortrose and Kaka Point and inland to Mokoreta. You will journey through rural heartland and podocarp forest, past rugged coastlines, hidden lakes and stunning waterfalls. The natural landscapes are enthralling and the wildlife is extraordinary.

The Catlins southern location bestows upon us long summer days perfect for exploring. Vivid sunsets and long twilight evenings lead on to ideal star gazing opportunities. Rainy days bring fresh growth to pastures and

forest while strong winds shape the forests and raise impressive waves along the coast. Come prepared to enjoy dynamic weather conditions.

Remember The Catlins is another special part of New Zealand that has steep topography and quite large distances from main cities; this means cell phone coverage is not always accessible. Plan your days, keep water on hand for long drives and always take note of fuel stops as they are sometimes few and far between.

The Catlins has many wonderful experiences to share. Accept our invitation and stay a few days. Meet the local people and relax on 'Catlins time'.

*Tatu te Whenua*

Please leave the land undisturbed.

Be sure to visit the local information centres at Owaka, Waikawa, Tokanui, Curio Bay Tumu Toka Curioscape and Fortrose for helpful tips and local knowledge about The Catlins area.

# Origins & Our Past

The region's namesake was a ship's captain who regularly carried exports to Australia. Edward Cattlin purchased a huge tract of land from local Maori in 1840. However, authorities later reduced his claim and did not formally transfer title until 1873. This was a bit late for Captain Cattlin who had died in Sydney, 17 years earlier. Still, his name has stayed with us, albeit with a slight modification to the spelling.

Early Maori were the first people to live and travel extensively in the region, attracted by the abundance of seafood in coastal waters and prolific birdlife in the forest, including the large Moa bird (now extinct).

Maori legends reverberate with colourful escapades of great chiefs like Tuhawaiki and large hairy monsters of the forest known as 'Maeroero'.

The first European communities centred around short-lived whaling stations during the 1830s. Sawmilling then became the sustaining industry. The prosperity of these early settlements relied on shipping and good port access.

Dense forest meant an isolated existence and volatile seas caused many shipwrecks along The Catlins coast. Among them New Zealand's worst civilian maritime disaster – the SS *Tararua* at Waipapa Point in 1881 with 131 lives lost.

Nevertheless, the early towns thrived. Fortrose exported

wool, grain and timber. Waikawa was a bustling port town with a succession of industries including whaling, sawmilling, gold mining, stone quarrying, flax milling, sheep and dairy farming. Owaka in the north was settled later during the 1860s and, again, sawmilling and timber exports became big business.

By the 1920s the railway had arrived, Waikawa harbour had silted up and coastal shipping reduced. The boom times were over. Today farming, fishing and eco-tourism are the main industries.

## Wildlife

### Hector's Dolphins

Hector's Dolphins are one of our shy local species. These little black and white dolphins can be seen in the summer surf at Porpoise Bay. They are one of the rarest and smallest dolphins in the world. Swimming with the dolphins is discouraged; it is best to watch them from the shore. If you are in the water, please do not approach the dolphins.

### Yellow-Eyed Penguins

The Yellow-Eyed Penguin is an endangered and unique species. Distinguished by its distinct yellow eyes and headband, the Yellow-Eyed Penguin is native to New Zealand. Hoiho, its Maori name, imitates its shrill call and translates to 'the noise shouter'. Penguins are best viewed at dawn or dusk and observed at a minimum of 50 metres. A special hide at Roaring Bay provides discreet viewing. Never approach a penguin as they are shy and easily frightened. Please keep your distance and stay concealed if possible. Dogs are strictly prohibited from penguin colonies.

### Seals & Sea Lions

New Zealand Fur Seals, New Zealand Sea Lions and the odd formidable Elephant Seal can be found sunning themselves on various Catlins beaches (especially Waipapa Point and Surat Bay). The only place on mainland New Zealand where all three co-exist is at Nugget Point. Please keep your distance (at least 20 metres) at all times as these animals can be aggressive and chase people when feeling threatened. Keep dogs well away.

### Birdlife

The Catlins boasts a variety of sea and forest birds. Shags roost in trees on the coast and river edges while Gulls and Terns are seen close to shore. Further out, the likes of Muttonbirds, Gannets and Mollymawks dive for fish. Herons, Pied Stilts, Bar Tailed Godwits and Oystercatchers wade in the estuaries. Fernbirds and Bitterns hide amongst the rushes and Kingfishers survey the rivers. Forest songsters include Bellbirds and Mohua. Fantails and Tomtits are often seen near walking tracks, while the Tui and the New Zealand Pigeon are amongst those in the canopy overhead.

Waipapa Point (photo by Cicell Jenks)

## Walks & Natural Attractions

Endless sightseeing choices await you inland and along the coast. Our native forests are home to mighty podocarp trees including Rimu, Totara, Matai, Kahikatea and Miro. Other trees to be found include Silver Beech, Tawhai and Flowering Kamahi and Rata. Perching plants, orchids, vines and 28 species of fern fill in the gaps, creating a perfect habitat for native birds and insects. Most tracks are maintained by our Department of Conservation; remember it is always safer to

keep to formed tracks and only leave footprints.

The cliffs at **Fortrose** command spectacular views of the southern coastline and the Fortrose Estuary. At **Waipapa Point**, walk to the historic lighthouse and Tararua Acre, the cemetery of many of the victims of the 1881 shipping disaster.

**Slope Point**, the southernmost point of the South Island, has windswept trees and a magnificent view over the southern ocean.

**Waipohatu** is a tranquil picnic area offering a short 20 minute wheelchair track and a longer 3 hour wilderness track through native bush.

At **Curio Bay** you will find an ancient geological phenomenon of international significance – the Petrified Forest. Fossilised trees similar to Kauri and Matai lie embedded on coastal bedrock, remnants of a 170 million year old Jurassic era forest. Please do not damage or remove any fossils.

**Cathedral Caves** resonate with the sound of the sea. Rising

more than 30 metres in places, they are all at once imposing, grand and truly cathedral-like. The caves' private access is opened only at low tide with a small road fee (cash only). The caves' opening is subject to safe sea conditions and can be closed at short notice (1 hour return). Closed June to end of October.

**Lake Wilkie** is reflective and peaceful. There is a clear succession of naturally establishing forest here. During summer the red brilliance of flowering Rata is stunning (30 minutes return).

Nugget Point (photo by Cicell Jenks)

Windswept trees at Slope Point (photo by Fergus Sutherland)

McLean Falls (photo by Fergus Sutherland)

Matai Falls (photo by Fergus Sutherland)

Boardwalk (photo by Cicell Jenks)

View the sweeping **Tautuku Beach and Bay** from **Florence Hill**. To the east is the rugged Papatowai coastline where surfers from New Zealand and elsewhere come to surf the big waves of the southern ocean.

Also at **Tautuku Estuary** is an easy track leading through podocarp forest and out onto a boardwalk above the estuary flats. Enjoy the raucous

morning birdsong and look out for the rare Fernbird (30 minutes return). **Picnic Point** is reached via native bush and a sandy coastline with interesting rock pools (30 minutes return).

**Purakaunui Falls** is a picture of beauty. Surrounded by bush, this magnificent waterfall cascades 20 metres over three distinct tiers (20

minutes return). Other enjoyable waterfalls are **McLean Falls** (40 minutes return) and **Matai Falls** (30 minutes return). Also at Matai Falls, the new Matai Rail Trail (1 hour return).

The **Catlins River Walk** and **Wisp Loop Track** provide one or two days walking through native beech and planted forest. The routes feature swing bridges, high altitude views and opportunities to see the rare Mohua bird.

Walk to a spectacular blowhole with exploding waves and roaring sound effects when at high tide.

**Jacks Blowhole** is 100 metres inland from the sea. It has been known historically for its ability to dramatically spout water. Tunnel damage means that ideal sea conditions are required for this effect to occur (1 hour return).

Getting to the lighthouse at **Nugget Point** is an exhilarating experience. The roar of the sea rushes to fill your ears, and the visual drama of vast skies, endless ocean and sheer cliffs to the left and right is gripping. Its name is derived from the sea-worn rocks that resemble gold nuggets (20 minutes return).

Purakaunui Falls (photo by Fergus Sutherland)

# The Catlins Care Code

## Wildlife and Nature

For more information visit [www.doc.govt.nz](http://www.doc.govt.nz)

- Talk quietly and move slowly when near sea lions or fur seals – do not disturb them, give them space, stay at least 20m away
- Yellow-eyed penguins are shy and easily stressed – do not disturb them, give them space, stay at least 50m away
- Do not remove plants, animals or fossils from the environment – treat New Zealand forest and birds with respect, they are unique and often rare
- Respect our cultural heritage, treat these places with consideration and care
- Dogs can disturb and even kill wildlife, please respect signage regarding dogs
- No drones at Nugget Point/ Roaring Bay or Curio Bay.

Use of drones is restricted – for further information on use of drones in public places, private land, around livestock, wildlife and wildlife habitats visit <http://www.doc.govt.nz/> or <https://www.airshare.co.nz/tourist-questions-answered>

## HAERE MAI - WELCOME

Please help us to protect the nature and wildlife of The Catlins – Only leave your footprints; only take photographs and memories...

For fire or accident emergency – phone **111**  
For conservation or wildlife emergency – phone **0800 362 468**

**NOTE:** There is minimal cell phone coverage in much of The Catlins. Public phones are located at Owaka, Papatowai and Tokanui.

## Camping

For more information visit [www.camping.org.nz](http://www.camping.org.nz)

- Please use official camping sites as they have toilets and waste disposals
- **No Roadside, Lookout or Beachside Camping**
- Permission must be obtained for camping, parking or walking on private land
- Please leave areas clean and tidy
- Check it is all right to light. Permits are required. [www.fireandemergency.nz](http://www.fireandemergency.nz)

**Fires can destroy the bush**

## Driving

Visit [www.nzta.govt.nz/safety/driving-safely/visiting-drivers/](http://www.nzta.govt.nz/safety/driving-safely/visiting-drivers/)  
[www.nzta.govt.nz/resources/driving-in-nz](http://www.nzta.govt.nz/resources/driving-in-nz)

- Keep left, observe all road signs. Pass school buses at 20k/hr
- Reduce speed when driving on 'unsealed' roads
- Limit vehicle use on beaches, respect other beach users, the road rules apply
- Indicate and pull over to the left-hand side of the road to take photographs; read road signs/maps; and to allow vehicles behind you to pass safely

**If you see sheep and cattle on the roads – drive slowly and stay in your vehicle**

## Waste Disposal

- Please take all rubbish away with you, carry out what you carry in – Rubbish disposal points are at Papatowai and Kaka Point and recycling is available at Owaka and Tokanui
- Use public toilets provided, please do not pollute the environment
- Use Campervan waste disposals – Inn Street Owaka, Thomas's Lodge Owaka, Kaka Point, Tokanui, Whistling Frog Resort and Pounaweia Holiday Park

**Published by:**
